# About us

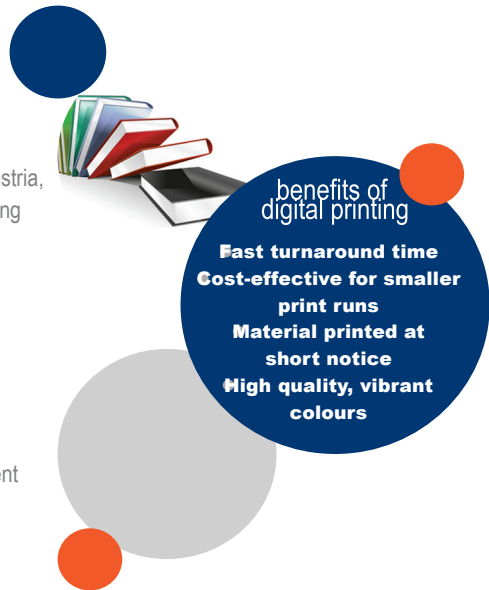

**We are Bidvest Data, Digital Print Publishing specialists** based in Airport Industria, Cape Town. We are dedicated to providing you with advanced and competitive full colour and monochrome digital printing solutions.

Our core business lies in the prompt development, production and delivery of quality booklets, labels and other digital printed products.

We service our clients using a combination of advanced digital printing technologies and expertise, which results in cost effective streamlined and premium quality printed products.

Bidvest Data is proudly part of the Bidvest Group of Companies. We support BEE. Please visit our website for our current contributor rating.

Some of our major publishing clients include; IQ Academy, Real People, Future Managers, TFG, Media 24, Siyavula Education, Woolworths Financial Services amongst others.

benefits of  
digital printing

**Fast turnaround time**  
**Cost-effective for smaller  
print runs**  
**Material printed at  
short notice**  
**High quality, vibrant  
colours**

# digital printing

Digital printing is a modern method of printing that involves printing an image directly from computer onto paper. Products are produced directly from disc, allowing print-on-demand and achieving time and cost savings.

At **Bidvest Data** we have invested in state-of-art digital printing equipment so that we can offer you market leading, superior quality.

Printed material  
for all different  
market segments,  
Financial, Tourism,  
Pharmaceuticals,  
Publishing, Education  
and Retail.
